MISSION STATEMENT

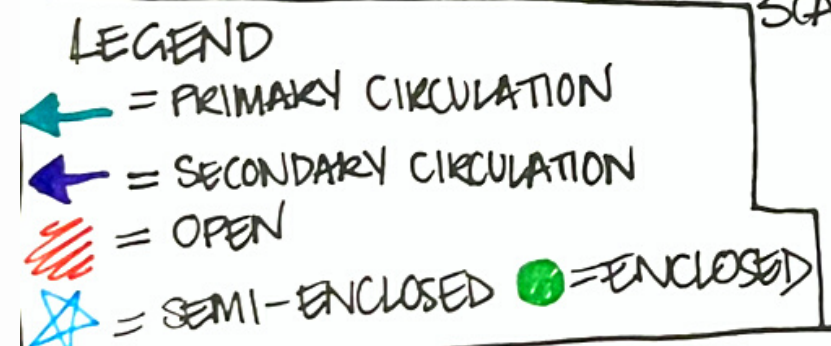

Mission Statement The PSSC, (Post Secondary Success Centre) is a program that provides academic aid inclusive of all economic backgrounds. The Centre will provide students with motivation and support for future and post-secondary students. PSSC creates a foundation for those who feel lost in their academic journeys. Our goal is to show students no matter their financial state that their future is full of bright possibilities.

CONCEPT STATEMENT

The Post Secondary Success Centre will be designed to uphold any students preferred learning environment through the wide range of secluded and communal work spaces. The goal is to put emphasis on nature and fluidity in the centres design to promote productivity in a stress free environment by dividing quadrants dedicated to incorporating views of nature, acoustic panels for privacy, adjustable artificial natural daylight sensors and music pods to de stress between breaks. The centre will approach the balance between natural form and up to date technology to provide a harmonious combination in creating a unique customizable tutoring experience.
